"Cleanliness Drive"

On May 16th, 2023, the College EcoClub, in collaboration with the Department of Environmental Science and NSS Unit, Government Degree College D.H. Pora, organized a Cleanliness Drive under the observance of *Mission Life* and the *Swachh Bharat Abhiyan*. The primary objective of this program was to raise awareness among students about the importance and benefits of cleanliness. With great enthusiasm and zeal, the students and staff worked together to make the clean-up drive a success. Volunteers picked up the scattered wrappers and other items, and disposed of them in the dustbins. The students and teachers actively participated in the event and inspired others to do the same. Dr. Suhaib A. Bandh, Head of the Department of Environmental Science, delivered a speech to the students about the significance of sanitation. The sweepers of the college were also honoured for their noble job. In the end, the students and staff took an oath to keep their homes, localities, and cities clean. This unique experience left a lasting impression on all of us and we were eager to be a part of this great drive. Our college holds such kind of events every year to instill the habit of keeping the surroundings clean. Overall, it was a remarkable initiative that brought together students and staff to work towards a common goal of raising awareness about cleanliness to take action and make a positive impact on our environment.
